## Présentation

### Description

This full-English course takes place in the continuity of the Master 1.  
As the later focuses on diagnosing the organisation,  
here students are invited to broaden their corporate scope through internationalisation.  
This is the reason why, as of now, both courses will be identified as  
Corporate Strategy - Diagnosis in Master 1 and Corporate Strategy - Internationalisation in Master 2.  
Assessment remains both oral and written-based.  
Teamwork is a plus but not mandatory.
